About Stardust Power Inc.

Stardust Power (NASDAQ: SDST) is building one of America's largest battery-grade lithium carbonate refineries in Muskogee, Oklahoma, strategically located in the center of the United States' growing energy and manufacturing corridor. The refinery is expected to have production capacity of up to 50,000 metric tons per annum and addresses the critical shortage of U.S. lithium refining capacity. Stardust Power is focused on building a resilient American battery supply chain.
